October 15, 2007

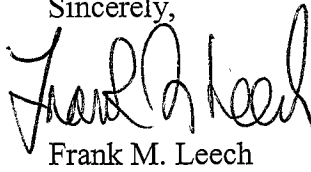

Dear Parents,

Beginning October 19, 2007, we will be offering an activity period for our students. At 2:11 p.m. students will be released for club activities that they have chosen to be a part of for that week. The clubs and activities will be sponsored by our teachers and offered each Friday. A variety of opportunities will be offered to the students to sign up for on Wednesdays prior to each Friday activity period.

The purpose of activity period is to reward students for completing expected academic and behavioral expectations of the classroom and school. No core academic time will be lost due to activity period. For students that have not met expectations for that week, part or all of their activity period will be spent in a classroom under the supervision of a teacher where they can read, study, or make up school work.

We look forward to offering these extra activities for your students to expand their Middle School experience. Please contact me if you have any questions or concerns.

Sincerely,

Frank M. Leech  
Principal
